

**ONLINE**

TRAINING PROGRAMME ON

# **ENVIRONMENTAL MANAGEMENT AND COMPLIANCE ASSURANCE IN MINES**

(6th to 10th October 2020)

## ONLINE TRAINING PROGRAMME ON MINING SECTOR

The **COVID19** pandemic has forced us to do things differently in almost every aspect of our lives. Training and capacity building, which is essential for continuous learning and innovation, will also have to change. We at the **International Forum for Environment, Sustainability and Technology (iFOREST)** have developed a new innovative methodology to conduct 5 days online training programme on

**Environmental Management and Compliance Assurance in Mines**  
(6th to 10th October 2020)

### The core of our innovative method is:

- **Andragogy:** Our training is designed for adult e-Learning. We use a mix of online lecture, assignments, discussion and demonstration to transfer knowledge and skills effectively.
- **Learning on the job:** Our training programmes are customised so that a participant needs to devote only 3 hours a day on training (3 hours lecture & class exercise and home assignment). This allows the participant to manage training and job together.
- **Individual learning and assessment:** The training programmes are tailored for a small group (25-30 participants) to enable personalized learning and assessment.
- **Online demonstrations and videos:** We enhance learning through online demonstrations and customized videos.

### Course details:

**TRAINING FEES: ₹4,500 per participant**  
**for students and NGOs ₹ 2500**

#### Date:

6th to 10th October 2020

#### Timing of training:

9 am to 12.30 pm, 3-hour lecture & class exercise + Home assignment

**The course is customized for the mining sector and will include the following topics:**

### Course Highlights

#### **Environmental Management and Compliance Assurance in Mines**

- Acts & Rules related to the environment, health, safety & mine reclamation
- Monitoring and compliance (air, water, wastes, mine spoils, noise, vibration and reclamation)
- Protocol for Inspection & Audits
- Water and waste management in mines
- OHS and compliance assurance
- Mine closure and its compliance – Case studies on best practices
- Biodiversity Management in Mines
- Compensation, resettlement, rehabilitation and livelihood support to mining-affected People
- District Mineral Foundation
- Best practices in CSR
- Star Rating program for mines

**The entire training programme will be delivered and moderated by the subject matter experts, expert appraisal committee, CPCB, IBM, DGMS and SPCB officials, etc**
