## ONLINE TRAINING PROGRAMME ON ENVIRONMENT AND SAFETY AUDIT

The **COVID19** pandemic has forced us to do things differently in almost every aspect of our lives. Training and capacity building, which is essential for continuous learning and innovation, will also have to change.

We at the **International Forum for Environment, Sustainability and Technology (iFOREST)** in collaboration with **Sustainability Innovations and Advisories (SIA) Private Limited** (our knowledge partner) have developed a new innovative methodology to conduct an online training programme on

**Environment and Safety Audit** (24th To 28th November 2020)

### The core of our innovative on-line method of training is:

**Andragogy:** Our training is designed for adult e-Learning. We use a mix of online lecture, assignments, discussion and demonstration to transfer knowledge and skills effectively.

**Learning on the job:** Our training programmes are customised so that a participant needs to devote only 3 hours a day on training (3 hours lecture & class exercise and home assignment). This allows the participant to manage training and job together.

**Individual learning and assessment:** The training programmes are tailored for a small group (25-30 participants) to enable personalized learning and assessment.

**Online demonstrations and videos:** We enhance learning through online demonstrations and customized videos.

### Training Fees:

**₹2,500**  
per participant  
students, academia  
and NGOs

**₹4,500**  
per participant for industry,  
regulators, consultants,  
government

#### Date:

24th To 28th November 2020

#### Timing of training:

2 am to 5 pm, (3-hour lecture & class exercise + Home assignment)

#### Who can apply:

Industries, State Pollution Control Board, consultants, government agencies, academia and Students
